

## SUB-PROCESSOR SCHEDULE

### Required Sub-Processors

Sub-processor	Data they process	Where they are based	Where the data is stored
Amazon Web Services	AWS is the underlying hosting provider for all of Mindpool's services, including main database storage, backup storage and uploaded files (logos, avatars, temporary). All data is stored within the EU. Our primary data centre is AWS-EU-West-1 (Ireland) and the disaster recovery data centre is AWS-EU-Central-1 (Frankfurt). See AWS's data privacy FAQ ( <a href="https://aws.amazon.com/compliance/data-privacy-faq/">https://aws.amazon.com/compliance/data-privacy-faq/</a> ) and cloud security overview ( <a href="https://aws.amazon.com/security/">https://aws.amazon.com/security/</a> ) for more information.	United States	Ireland

In addition to the above, the Customer authorises Mindpool to disclose Personal Data to any Mindpool Affiliates where this is necessary for the provision of the Services, including Mindpool Affiliates based outside the EEA. Mindpool shall not disclose Personal Data to Mindpool Affiliates unless such Mindpool Affiliates are bound by equivalent contractual terms as those set out in the Data Processing Agreement and (in the case of Mindpool Affiliates based outside the EEA) Mindpool has put in place appropriate safeguards to protect such Personal Data.
